

# Product Data Sheet

AMP 1-20-HT

Highly Transparent AmpShield™ Arc Flash Protection ArcShield kit with transparent chin protector & cap bracket for slotted caps. ATPV 20 calories.

## Specification

MATERIAL	Polycarbonate, with Premium Coating.
COLOR	Grey
WEIGHT	334 g (11.78 oz)
STANDARD	Meets NFPA 70E; Meets/Tested ASTM F2178; ANSI Z87+S; Rated 20 cal/cm2
DESCRIPTION	Premium Anti-Fog coated highly transparent ArcShield Kit for Slotted Cap helmets. Includes ArcShield, Mounting Bracket, and Instructions. Extra-Large transparent Chin Protector provides excellent downward vision.
COMPETITIVE ADVANTAGE	This product maximizes the ATPV (Arc Thermal Protection Value) of 20 cal/cm2 with a grey color providing excellent field of view and an ergonomic assembly that is convenient for the worker. LeverLock™ attachment system for easy window replacement. Models are available for most caps and full brim helmets.
NOTE	Do not use an ArcShield for electric arc welding exposures. The grey color of this ArcShield maximizes visibility.

## Order Data

PRODUCT CODE	AMP1-20-HT
PRODUCT NUMBER	9004574

## Application

APPLICATION	ArcShield is used in association with dielectric head protection and accessories to provide protection from the hazards of arc flash. Arc flash is a defined hazard by NFPA-70E.
