AmpShield™

Model AMP1 - 12/20

Meets NFPA
 70E 2015
 Edition

Product Details

Product Name	AmpShield™ Arc Flash Protection Arc Shield AMP1-12 AMP1-20
Material	Polycarbonate
Color	Green
Product Weight	Oz = 11.78 Grams = 334
Specification	Meets NFPA 70E Meets/Tested ASTM F2178 ANSI Z87+S Rated 12 cal/cm2 / 20 cal/cm2
Description	Premium Antifog coated ArcShield Kit for Slotted Cap helmets. Includes ArcShield, Mounting Bracket and Instructions. Extra-Large transparent Chin Protector provides excellent downward vision.
Competitive Advantage	This product maximizes the ATPV Arc Thermal Protection Value of 12 cal/ cm2 with a Green Color providing an excellent field of view and an ergonomic assembly that is convenient for the worker. LeverLock™ attachment system for easy window replacement. Models are available for most Caps and Full brim Helmets.
Applications	ArcShield is used in association with dielectric head protection and accessories to provide protection from the hazards of arc flash. Arc flash is a defined hazard by NFPA-70E.
Comments	A PDS is available for all Paulson products. Full color prints and digital versions are available. See the Paulson Arc Flash videos on www.paulsonmfg.com . Do not use an ArcShield for electric arc welding exposures. The green color of this ArcShield maximizes visibility. Patented and Patents pending.
